Preface

Biggest Challenge facing Education Conference in India was held on 13-14 December. The conference was organized by Department of Education, University of Malaya, Sri Sairam Institute of Education, Anuragam, Chennai. The conference dealt with the experiences and Potential challenges in the educational sector of states of India, Malaysia and other neighboring countries.

The conference deals with the biggest challenge the educational sector is facing in the current times. In this conference we aim not just the teacher education level but also on the betterment of the education system reform, considered wider patterns of application of education as a hub with a flourishing higher education system. The backdrop for this multinational event with the participation of University of Malaya, in the beautiful hill top venue for the conference.

Qualitative papers from various participants contributed to the focus that makes the scope of this international. Many universities and educational institutions in professional education and research are contributing to academic curriculum for its student's right to quality education. Many of these Fulbright scholars and academics from various Universities served as speakers for this conference, selecting proposals and presenting them at this two day international event. The Department of Indian Studies and the Chairman, Management of Sri Sairam Institute of Education, the Director and faculty team along with Anuragam provided vital advice and input and encouraged the participants at the conference.

We wish to express here our gratitude to all who made the conference a success and also hope that the participants benefited with this record of strategic and innovative solutions for the current and potential educational challenges.
