580271 - Causes of high variance in building conservation tenders in Malaysia

Dear Miss Nabavi:

I am pleased to inform you that your article Causes of high variance in building conservation tenders in Malaysia due to be published in Volume 34 Issue 2 of Structural Survey has been submitted online in its pre-published version via Emerald EarlyCite. Your article can be viewed at the following link:

http://www.emeraldinsight.com/action/showPublications?pubType=journal

Please note that the article can take up to 48 hours to load onto our website from the date of this email.

Emerald EarlyCite is a pre-publication service which allows your paper to be published online earlier, and so read by users and, potentially, cited earlier.

Any citations to this article should include journal name, year of publication, volume and issue number. Please state that publication of this article is forthcoming. Although EarlyCite articles are fully peer-reviewed, EarlyCite papers do not undergo the full sub-editing and page-proofing stages or in-house stages of quality assurance. Once the sub-edited and page-proofed final copy of the article is ready for publication, it replaces the EarlyCite version. When this final copy is published online you will receive an e-mail which will give you direct access to a PDF of your article, as well as three months' complimentary access to all Emerald's content.

Please note that this is an automated email. If you have any queries, please address these directly to the journal's Content Editor.

Many thanks for your valued contribution to this journal.

Best Wishes,

Abi Masha
