Title: Modeling loss data using composite models.
Insurance: Mathematics and Economics

Dear Dr. Abu Bakar,

I am pleased to confirm that your paper "Modeling loss data using composite models." has been accepted for publication in Insurance: Mathematics and Economics.

When your paper is published on ScienceDirect, you want to make sure it gets the attention it deserves. To help you get your message across, Elsevier has developed a new, free service called AudioSlides: brief, webcast-style presentations that are shown (publicly available) next to your published article. This format gives you the opportunity to explain your research in your own words and attract interest. You will receive an invitation email to create an AudioSlides presentation shortly. For more information and examples, please visit http://www.elsevier.com/audioslides

Thank you for submitting your work to this journal.

With kind regards,

Rob Kaas
