Dear Mr Mohd-Al-Faisal,

Thank you for your submission of manuscript IJOS201208375RRRR entitled Growth Inhibitory Response and Ultrastructural Modification of Oral-associated Candidal Reference Strains (ATCC) by Piper betle L. Extract to International Journal of Oral Science. I am pleased to inform you that your manuscript has been accepted in its current form for publication in International Journal of Oral Science. Please find the editorial office's comments on this manuscript at the end of this letter. Your paper is considered to be a significant contribution to the field, and we appreciate the opportunity to publish it in this journal.

If your paper is an Original Article or Review, it may be accompanied upon publication by a Research Summary. The Research Summary will be written by a professional writer and be a 100-150 word synopsis of your article; it will provide concise information to the reader about the aims, main outcomes and significant conclusions of the article. It will be published under a Creative Commons license and with attribution we encourage you to freely use, post and distribute the summary as is appropriate. You will receive the text of the Research Summary with your paper proof, if a summary is to be supplied. For more information, see http://www.nature.com/ijos/marketing/benefits.html.

Upon the Editorial Office's confirmation of the correct file types, your manuscript will be sent to production. Using the link below, please download, print and sign the License to Publish Form and the Open Access Payment Form on behalf of your co-authors, with their consent. Please send these forms as soon as possible to the Editorial Office.
