Dear Distinguished Delegates and Guests,

The Organizing Committee warmly welcomes our distinguished delegates and guests to The 2010 International Conference on Humanities, Historical and Social Sciences (CHHSS 2010), The 2010 International Conference on Good Governance and Human Rights (CGGHR 2010) held in Singapore during February 26-28, 2010. The CHHSS 2010 and CGGHR 2010 are sponsored by Social Science and Humanities Society of IACSIT, Economics and Business Society, IACSIT and etc. The aim objective of CHHSS 2010 and CGGHR 2010 are to provide a platform for researchers, engineers, academicians as well as industrial professionals from all over the world to present their research results and development activities in Humanities, Historical and Social Sciences. This conference provides opportunities for the delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration. The conference Program Committee is itself quite diverse and truly international, with membership from the Americas, Europe, Asia, Africa and Oceania.

This proceeding records the fully refereed papers presented at the conference. The main conference themes and tracks are Humanities, Historical and Social Sciences. The conference aims to bring together researchers, scientists, chemists, biologists, engineers, and practitioners to exchange and share their experiences, new ideas, and research results about all aspects of the main conference themes and tracks and discuss the practical challenges encountered and the solutions adopted. The main goal of the event is to provide international scientific forums for exchange of new ideas in a number of fields that interact in-depth through discussions with their peers from around the world. Both inward research; core areas of Humanities, Historical and Social Sciences and outward research; multi-disciplinary, inter-disciplinary, and applications will be covered during the event.

The conference has solicited and gathered scientific and technical research submissions related to all aspects of major conference themes and tracks. All the submitted papers in the proceeding have been peer reviewed by the reviewers drawn from the scientific and technical committee, external reviewers and editorial board depending on the subject matter of the paper. Reviewing and initial selection were undertaken electronically. After the rigorous peer-review process, the submitted papers were selected on the basis of originality, significance, and clarity for the purpose of the conference. The selected papers and additional late-breaking contributions to be presented as lectures will make an exiting technical program. The conference program is extremely rich, featuring high-impact presentations.

The high quality of the program, guaranteed by the presence of an unparalleled number of internationally recognized top experts, can be assessed when reading the contents of the program. The conference will therefore be a unique event, where attendees will be able to
appreciate the latest results in their field of expertise, and to acquire additional knowledge in other fields. The program has been structured to favor interactions among attendees coming from many diverse horizons, scientifically, geographically, technically, from academia and from industry. Included in this will to favor interactions are social events at prestigious sites.

We would like to thank the program chairs, organization staff, and the members of the program committees for their work.

We are grateful to all those who have contributed to the success of CHHSS 2010 and CGGHR 2010. We hope that all participants and other interested readers benefit scientifically from the proceedings and also find it stimulating in the process. Finally, we would like to wish you success in your scientific and technical presentations and social networking.

We hope you have a unique, rewarding and enjoyable week at CHHSS 2010, CGGHR 2010 in Singapore.

With our warmest regards,

The Organizing Committees
February 26-28, 2010
Singapore
