Author's Biodata

In the name of Allah, Most Gracious and Most Merciful and blessing to our beloved Prophet Muḥammad s.a.w. and his family, companions and all Muslim ummah. I would like present my humble book “Al-Ghazālī And Intuition: An Analysis, Translation And Text Of Al-Risālah Al-Ladunniyyah” for the purpose of extending the knowledge of the ummah, specially in the field of sufism. The book offers four different divisions i.e. the introduction to the life of al-Ghazālī, the translation of the text of al-Risālah al-Ladunniyyah, the analysis of the Risālah and the Arabic text of the Risālah.

The Arabic text of al-Risālah al-Ladunniyyah that is reproduced in this chapter is taken from Majmūʿah Rasāʾil al ʿImām al-Ghazālī edition of 1406 A.H./1986 A.C., Vol. 3, published by Dār al-Kutub al-ʿIlmiyyah, Beirut, pages 87-111. The original text of it was examined and corrected in the aspects of typography and grammatical with the help of Professor Dr Mujahid Mustafa Bahjat and its paragraph was rearranged and reexamined closely with the help of Dr Wan Sulaiman Wan Abdullah. And some of the notes in the footnotes cited in the original texts of it are ignored because of their irrelevant with the discussion.

I would like to express my thanks to many people who have assisted me in bringing this research to a successful conclusion. As this research is part of my doctorate research, I happily tender my utmost appreciation and
