The Oxford Revision Series: Risk Management and Insurance caters for the Risk Management and Insurance courses taken by Business students at local institutions of higher learning. Divided into three parts, the book gives an overview of the 'Risk' concept and the principles of managing risk in Part 1. Part 2 then discusses insurance as a tool for risk management and touches on the various types of insurance. Subsequently, in Part 3, the book details the pricing of insurance premiums and the limits to insurability. The text ends with a chapter on the insurance industry in Malaysia, including the Takaful market.

Key Features
- Complies with the syllabus of Risk Management and Insurance courses at local institutions of higher learning
- Presents risk management concepts in an accessible manner
- Provides an intersperse of review questions which enable students to check their understanding
- Includes calculation examples for relevant topics
- Enables quick revision of the topics through chapter summaries
- Comprises selected case studies which help students relate what they have learned with the real world
- Reinforces students’ grasp of the topics through discussion questions at the end of each chapter

Nurul Shahnaz Ahmad Mahdzan is a Senior Lecturer in the Department of Finance and Banking, Faculty of Business and Accountancy, University of Malaya (UM), Kuala Lumpur. She obtained her PhD from the Nottingham University Business School, United Kingdom, in 2010. She received her Master of Business Administration (with Distinction) from the University of Malaya, and her Bachelor in Business Administration (Summa Cum Laude) from Ohio University, USA. Her research interests are risk management and insurance, saving behaviour, and financial attitudes of households. She has a number of published articles in local and international journals in these areas. Prior to her career in academia, she worked in the banking and insurance industry for 16 years, where she mainly dealt with customers and their personal finances. It was then that her passion for the subject matter began and continues till today, as reflected in her research publications.

Audrey Boey Oi Lin is a Life Planner representing NA Bhd, Manulife Asset Management Services Berhad and RHB Trustees Bhd, and operates from her office in Kota Damansara, Selangor. She is a qualified Chartered Accountant with the Association of Certified Chartered Accountants (ACCA) and a member of the Malaysian Institute of Accountants (MA) after having gained the relevant experience as a Chartered Accountant. Audrey progressed into the profession of a Life Planner and obtained the accreditation of Certified Financial Planner (CFP) awarded by the Financial Planning Association of Malaysia (FPMA) in 2002. This marked a very exciting and challenging career shift for Audrey as it gave her the freedom and opportunity to be creative in designing financial solutions for customers, while educating them on the importance of planning properly for a comfortable and meaningful future.
