The significance of Islamic Jerusalem in Islam

Mohd Roslan Mohd Nor

Why do Muslims have a close relation with Islam? This book offers an explanation and practical guide to Muslim life, focusing on the significance of Islamic Jerusalem.

For the three main monotheistic religions, the region is considered a city of these three faiths. This means that although some scholars attempt to deny its importance in Islam, the Quran, in particular, will prove that the claim is merely based on failure to understand the true nature of the region.

The book focuses on the significance of Islamic Jerusalem as an important religious source, drawing evidence from the Quran and Hadith as well as from historical events related to the region. This should help form a conceptual framework of how Muslims deal with Islamic Jerusalem, both in the past, present, and future.
