Abstract

This paper explores the financial rights of divorced Muslim women in Indonesia.

Kahar, Khairul. "Menikah, Menghamil, Membelih, Membatalkan: Isu Isu perkara yang berkaitan dengan perkahwinan.

The study examines the extent to which Muslim women are aware of their rights under Islamic law, particularly regarding marriage, divorce, and inheritance. The research also investigates the application of Islamic law in Indonesia and its impact on the lives of Muslim women.

The findings indicate that most Muslim women are unaware of their rights under Islamic law, particularly regarding financial matters. The study recommends the need for greater awareness campaigns and legal support for Muslim women to ensure their rights are protected.
