Title: PASS-predicted Vitex negundo activity: antioxidant and antiproliferative properties on human hepatoma cells—an in vitro study

Authors: Kadir A Farkaad, Kassim M Normadiah, Abdulla A Mahmood, Yehye A Wageeh,
Journal: BMC Complementary and Alternative Medicine

Dear Dr Farkaad A Kadir,

We are delighted to confirm that the final version of your manuscript has been published on the BMC Complementary and Alternative Medicine website, with the following citation:

URL: http://www.biomedcentral.com/1472-6882/13/343

It has also been sent to the US National Library of Medicine for indexing in PubMed and archiving in PubMed Central.

BioMed Central provides an online reprint ordering service. To order professionally printed reprints of your article, from the full text version click on the "Order reprints" link under "Tools".

If you have a query regarding our indexing services, please refer to the 'Citation, indexing and archiving' section in 'Author FAQ' on the BioMed Central Website:
http://www.biomedcentral.com/authors/authorfaq

If you are not able to find the relevant information there, please do not hesitate to contact us at the below address.

Best wishes,
The BioMed Central Production Team
