Dear Dr. Venkatason:

It is a pleasure to accept your manuscript entitled "Characteristics and short-term outcomes of young women with acute myocardial infarction in Malaysia: A retrospective analysis from the Malaysian National Cardiovascular Database registry" in its current form for publication in BMJ Open. Any final comments from the reviewer(s) are included at the foot of this letter. These will be published as supplementary information alongside your article.

In order to support making all research published in BMJ Open fully open access, an Article Processing Charge is levied. This charge supports the peer review process, production costs (typesetting, copy editing, etc.), and the costs of maintaining the content online and marketing it to readers.

Therefore, your payment of £1350 (excluding VAT) for accepted manuscript bmjopen-2019-030159.R2 is now due.

A separate e-mail will follow shortly with a link to payment options and instructions. This will be from BMJ's partner, Copyright Clearance Center, through their RightsLink system. Please note that it can sometimes take a few days before you receive this email. Using this link you can choose to pay by card or invoice.

Your article will not be processed further until payment is completed.

If you have reviewed for the journal within the 12 months prior to submitting this paper, please contact the editorial office (editorial.bmjopen@bmjgroup.com) about your discount. Information regarding waivers and discounts is included in our instructions for authors; however, we anticipate that most authors will have the resources to pay.

Please note, a number of institutions have taken out open access memberships with BMJ, which either covers the cost of open access publishing for authors at participating institutes, or allows authors to receive a discount on the Article Processing Charge. Please visit our open access page to see a full list of participating institutions, find out if you are eligible and how to obtain your discount code - http://journals.bmj.com/site/authors/openaccess.xhtml#open-access-institutional-memberships.

All accepted papers are reviewed for their media potential by our PR office within two weeks of acceptance. If your paper is selected for press release by the journal, we will let you know within this timeframe.

Once your article is published online you will be able to keep track of usage. Each article published in BMJ Open has individual usage statistics which are updated daily and can be accessed from the Article Usage Statistics link in the Services section of the right hand column on each page of the article. In this column you can also sign up to be alerted about any e-letter responses to your article.

Thank you for your contribution, and we hope that you will continue to submit to the journal in future.

Sincerely,

https://mail.google.com/mail/u/0?ik=bd8db3d790&view=pt&search=all&permthid=thread... 11/1/2019
