Dear Dr Teoh,

It is a pleasure to inform that the manuscript entitled **“Cloning, expression and characterization of the endoglucanase gene from *Bacillus subtilis* UMC7 isolated from the gut of the indigenous termite *Macrotermes malaccensis* in *E. coli*”**, authored by Chuan Wei Kelvin Swee, Teow Chong Teoh, **Philip Koshy**, Ismail Salmah and Arifin Zainudin, has been **accepted for publication in Electronic Journal of Biotechnology**.

We would greatly appreciate receiving the Copyright Transfer Agreement corresponding to your manuscript, which you can find at <http://www.ejbiotechnology.info/content/site/docs/cta/copyri.pdf>.

Please send a signed scanned copy to the e-mail biotec@ucv.cl. All authors should send a copy of this document.

In order to continue with the Editorial Process, you must proceed with payment. Please follow the instructions for payment available at <http://ejbiotechnology.ucv.cl/e-commerce/catalog/>.

If you have any doubts, please contact Italo Costa at italo@ejbiotechnology.info.

Please send the required information no later than November 28, 2014.

Sincerely yours,

Prof Graciela Munoz
