Title: Purification, Characterization and Mode of Action of Plantaricin K25 produced by *Lactobacillus plantarum*
Food Control

Dear Dr Philip,

I am pleased to confirm that your paper "Purification, Characterization and Mode of Action of Plantaricin K25 produced by *Lactobacillus plantarum*" has been accepted for publication in Food Control.

Your accepted manuscript will now be transferred to our production department and work will begin on creation of the proof. If we need any additional information to create the proof, we will let you know. If not, you will be contacted again in the next few days with a request to approve the proof and to complete a number of online forms that are required for publication.

When your paper is published on ScienceDirect, you want to make sure it gets the attention it deserves. To help you get your message across, Elsevier has developed a new, free service called AudioSlides: brief, webcast-style presentations that are shown (publicly available) next to your published article. This format gives you the opportunity to explain your research in your own words and attract interest. You will receive an invitation email to create an AudioSlides presentation shortly. For more information and examples, please visit <http://www.elsevier.com/audioslides>.

Thank you for submitting your work to this journal.

Yours sincerely,

Ms Ichiko Charis Howells
